Legal/Regulatory Reference:

The Interlake School Division (ISD) accepts its responsibility to provide educational services and instructional materials to Hutterian colonies within the boundaries of the Division. The following guidelines will apply:

1. The Hutterian colony is responsible for the construction and maintenance of the school building, including the supply, repair, and maintenance of whiteboards and bulletin boards.
2. The Division will cover the full cost of a teacher if the student enrolment is twelve (12 FTE) students or more.
3. If the student count is less than twelve (12 FTE), the Hutterian colony and the Division may enter into an agreement to cost share the salary of a teacher on a pro-rated basis, at the discretion of the Division.
4. Due to budget considerations for start-up costs (furnishings, instructional materials and office supplies), the establishment of a new colony school, upon approval by Manitoba Education, must be confirmed in January prior to a September start.
5. The option of ITV will be made available to those students where colonies have provided the necessary infrastructure to support delivery of the program. The Division will pay the tuition for these courses. The Division acknowledges that delivery of courses by ITV still requires supervision, administrative duties, and instructional support for students by the in-school staff.
6. The Hutterian Administrator will submit a Hutterian School Year Calendar based on Hutterian religious holidays for each school year to the Superintendent/CEO.
