Dear Parents / Guardians:

We want you to be aware that a case of head lice has been reported in your child's classroom. The lice have been treated, but it is still important that you frequently check your child's head, as head lice can be a persistent, on-going concern in schools.

If you have any questions, please call the Public Health Nurse at (204)467-4400. Thank you for your continued help.

Yours truly,
