

INTERLAKE SCHOOL DIVISION

PREPARING TODAY'S LEARNER FOR TOMORROW

Our plan for continuous improvement will provide high-quality experiences for students through intentional teaching and learning for literacy, numeracy, and well-being.

LITERACY

Why LITERACY matters: Literate citizens are active participants in their communities and understand that each community has particular ways of acquiring, constructing and communicating meaning. Literate citizens are able to understand, think, apply, and communicate effectively in a variety of ways for a variety of purposes.

NUMERACY

Why NUMERACY matters: Numerate citizens are active participants in their communities and think critically about the challenges facing each community. Numerate citizens successfully apply mathematical concepts and strategies with thoughtful perseverance to address issues in society and the natural world.

WELL-BEING

Why WELL-BEING matters: Healthy citizens are able to achieve their goals and realize their potential. Healthy citizens possess a range of skills and strategies to live happy and resilient lives and thereby make positive contributions to their communities. In order to live well, our students must learn well.
