Assistant Superintendent

*“Preparing Today’s Learner for Tomorrow”*

January 9, 2025

Dear Interlake School Division Families and Staff,

We are writing to inform you that on January 7, the Interlake School Division was notified by our student information system (SIS) provider, PowerSchool, that they have recently experienced a cybersecurity incident. PowerSchool is a third-party service provider, which manages student information in our K-12 education system.

In consultation with PowerSchool, we have been advised that **ISD’s student data was not impacted by this cybersecurity incident.** ISD’s Information Technology Department Staff has also conducted an internal review of our SIS to verify our data was not impacted.

PowerSchool has worked with cybersecurity experts to resolve the situation and is communicating with school divisions that use PowerSchool.

We want to assure staff, parents/caregivers, and students that we continue to take precautions to protect our data, and we are continuing to monitor the situation closely with PowerSchool and with other school divisions in the province.

If you have any questions, please contact us by email at: [isd@isd21.mb.ca](mailto:isd@isd21.mb.ca)

Sincerely,

A handwritten signature in cursive script, appearing to read "mward".

Margaret Ward  
Superintendent/CEO, Interlake School Division
